Summary

Results-oriented recent college graduate with 2.5 years of experience (including curriculum work). Aiming to leverage my academic experience and a proven knowledge of application development, programming, and system design procedures to successfully fill the Software Developer role at your company. Frequently praised as adaptable by my peers, I can be relied upon to help your company achieve its goals.

Experience

Wake Forest Baptist Health *Junior Programmer Analyst Intern*

Jan 2020 – May 2020, Winston-Salem, North Carolina

- Created web-based form tools used to collect research data by working through sprints with an agile development team
- Significantly reduced incorrect/missing information by 90% by developing an address input tool that guides users with validation rules and USPS API confirmation.

Salsarita's Fresh Cantina *Shift Lead Manager/Catering Coordinator*

Aug 2013 – Mar 2020, Greensboro, North Carolina

- Facilitated training of new hires for both management and associates.
- Decreased food costs by 7% by collaborating with a team to develop new training techniques.
- Scheduled and expedited catering orders resulting in a 50% increase in 2019 annual sales.
